FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Estela Delgabillo
DOCKET NO.: 25-02092.001-R-1
PARCEL NO.: 04-16-312-003

The parties of record before the Property Tax Appeal Board are Estela Delgabillo, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$7,522
IMPR.:	$47,030
TOTAL:	$54,552

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 975 square feet of living area. The dwelling was constructed in 1970 and is 55 years old. The home has a full basement. The property has a 6,090 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within the subject's assessment neighborhood and within .88 of a mile of the subject. The comparables consist of one-story dwellings of wood or aluminum exterior construction ranging in size from 1,014 to 1,247 square feet of living area. The homes were built from 1965 to 1988. Each dwelling has a basement, one comparable has central air conditioning, and four comparables each have a garage ranging in size from 528 to 672 square feet of building area. The parcels range in size from 7,150 to 10,980 square feet of land area. The comparables sold from June 2024 to June 2025 for prices ranging

from $80,000 to $150,000 or from $68.03 to $143.00 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of $29,998, for an estimated market value of $90,003 or $92.31 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $54,552. The subject's assessment reflects a market value of $163,672 or $167.87 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within the subject's assessment neighborhood and within .28 of a mile of the subject. The comparables consist of one-story dwellings of wood siding exterior construction ranging in size from 1,053 to 1,120 square feet of living area. The dwellings are 57 to 64 years old. Each dwelling has a full basement and central air conditioning. Two comparables each have a 440 square foot garage. The parcels range in size from 8,225 to 8,700 square feet of land area. The comparables sold from July 2023 to January 2025 for prices of either $180,000 or $195,000 or from $170.94 to $183.27 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant critiqued the board of review's comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparable #5, which differs from the subject in age, and the board of review's comparable #1, which sold less proximate to the January 1, 2025 assessment date. The Board finds the parties' remaining comparables sold proximate to the assessment date at issue and are similar to the subject in age and location, with varying degrees of similarity in dwelling size and features. These most similar comparables sold from February 2024 to June 2025 for prices ranging from $117,000 to $195,000 or from $108.26 to $183.27 per square foot of living area, including land. The subject's assessment reflects a market value of $163,672 or $167.87 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
