

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

fAPPELLANT: William Hansen
DOCKET NO.: 25-02500.001-R-1
PARCEL NO.: 14-17-105-041

The parties of record before the Property Tax Appeal Board are William Hansen, the appellant, by attorney Brianna L. Golan, of Golan Christie Taglia LLP in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,405
IMPR.: \$188,568
TOTAL: \$213,973

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,279 square feet of living area. The dwelling was constructed in 1996. Features of the home include a basement, central air conditioning, a fireplace and a 638 square foot garage. The property has a 11,320 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located from .38 of a mile to 1.18 miles from the subject. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,850 to 3,027 square feet of living area. The dwellings were constructed from 1909 to 2005 and have unfinished basements, one of which has a walkout design. The comparables each have central air conditioning and a garage ranging in size from 400 to 806 square feet of building area. Four

comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$144,945 to \$166,753 or from \$48.15 to \$56.34 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$213,973. The subject property has an improvement assessment of \$188,568 or \$57.51 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on nine equity comparables located .04 of a mile to 1.11 miles from the subject. The comparables are improved with 2-story dwellings of frame or brick exterior construction ranging in size from 3,129 to 3,414 square feet of living area. The dwellings were constructed from 1945 to 2006 and have basements. The comparables each have central air conditioning, one to three fireplaces and a garage ranging in size from 520 to 915 square feet of building area. The comparables have improvement assessments ranging from \$188,287 to \$208,176 or from \$57.97 to \$64.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 14 equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #4 and #5 as well as board of review comparables #6, #7 and #9 which are less similar to the subject in year built or location than the remaining comparables in the record.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2 and #3 along with board of review comparables #1 through #5 and #8 which overall are more similar to the subject in location, age, dwelling size and features. These comparables had improvement assessments ranging from \$144,945 to \$208,176 or from \$48.15 to \$64.67 per square foot of living area. The subject's improvement assessment of \$188,568 or \$57.51 per square foot of living area is within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden

with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
