

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bryan Broznowski
DOCKET NO.: 25-03052.001-R-1
PARCEL NO.: 03-36-230-015

The parties of record before the Property Tax Appeal Board are Bryan Broznowski, the appellant, by attorney David Kieta, of Kieta Law LLC in Winfield; and the Kendall County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kendall** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,130
IMPR.: \$188,523
TOTAL: \$220,653

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Kendall County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and brick exterior construction with 3,652 square feet of living area. The dwelling is approximately 12 years old. Features of the home include a full basement, central air conditioning, a fireplace, an inground swimming pool and a 771 square foot garage.¹ The property has an approximately 12,600 square foot site and is located in Plainfield, Oswego Township, Kendall County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables located .07 to .40 of a mile from the subject. The comparables are improved with 2-story dwellings of brick and vinyl, brick and aluminum or brick, stone and other exterior

¹ The Board finds the subject's property record card submitted by the board of review disclosed the subject has an inground swimming pool which was not reported nor refuted by the appellant.

construction ranging in size from 3,621 to 4,078 square feet of living area. The dwellings are 16 to 20 years old and have basements. The comparables each have central air conditioning, one fireplace and a 3-car attached garage ranging in size from 661 to 848 square feet of building area. The comparables have improvement assessments ranging from \$166,856 to \$197,326 from \$45.02 to \$49.20 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$220,653. The subject property has an improvement assessment of \$188,523 or \$51.62 per square foot of living area.

In response to the appeal the board of review noted the appellant's comparables lack an inground swimming pool.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located from .08 to .75 of a mile from the subject. The comparables are improved with 2-story dwellings of brick and frame exterior construction ranging in size from 3,271 to 3,875 square feet of living area. The dwellings are 11 to 19 years old and have basements. The comparables each have central air conditioning, one fireplace and a garage ranging in size from 692 to 871 square feet of building area. Each comparable has an inground swimming pool. The comparables have improvement assessments ranging from \$164,773 to \$190,421 or from \$46.55 to \$53.47 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which lack an inground swimming pool which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which overall are more similar to the subject in location, age, dwelling size and features. These comparables had improvement assessments ranging from \$164,773 to \$190,421 or from \$46.55 to \$53.47 per square foot of living area. The subject's improvement assessment of \$188,523 or \$51.62 per square foot of living area is within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
