FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jerry & Josie Kim
DOCKET NO.: 25-03548.001-R-2
PARCEL NO.: 06-34-101-021

The parties of record before the Property Tax Appeal Board are Jerry & Josie Kim, the appellants; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$206,475
IMPR.:	$446,590
TOTAL:	$653,065

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick/masonry/stone exterior construction with 6,366 square feet of living area. The dwelling was constructed in 1987. Features of the home include a basement, central air conditioning, three fireplaces, and a 903 square foot garage. The property has a 26,459 square foot site and is located in Oak Brook, York Township, DuPage County.

The appellants contend assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on nine equity comparables located in the subject's assessment neighborhood and within the same subdivision as the subject. The comparables consist of two-story dwellings of frame/brick/stone, stucco and Dryvit, or brick/masonry/stone exterior construction ranging in size from 4,567 to 7,875 square feet of living area. The homes were built from 1984 to 1997. Each dwelling has a basement foundation, central air conditioning, two to five fireplaces, and a three-car or four-car garage.

The comparables have improvement assessments ranging from $120,431 to $367,626 or from $26.36 to $49.04 per square foot of living area. Based on this evidence, the appellants requested a reduced improvement assessment of $280,104 or $44.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $653,065. The subject property has an improvement assessment of $446,590 or $70.15 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the subject's assessment neighborhood and within .24 of a mile of the subject. The comparables consist of two-story dwellings of brick/masonry/stone exterior construction ranging in size from 6,128 to 6,549 square feet of living area. The homes were built from 1983 to 1992. Each dwelling has a basement foundation, central air conditioning, four to seven fireplaces, and a garage ranging in size from 770 to 1,352 square feet of building area. One comparable has an inground swimming pool. The comparables have improvement assessments ranging from $482,900 to $529,790 or from $77.49 to $82.91 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 14 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellants' comparables #4, #5, #7, and #8, which differ from the subject in dwelling size. The Board also gives less weight to the board of review's comparable #1, which features an inground swimming pool unlike the subject. The Board finds the parties' remaining comparables are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments ranging from $224,940 to $528,775 or from $36.59 to $80.74 per square foot of living area. The subject's improvement assessment of $446,590 or $70.15 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
