FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Subhan Malick
DOCKET NO.: 25-03715.001-R-2
PARCEL NO.: 06-33-405-015

The parties of record before the Property Tax Appeal Board are Subhan Malick, the appellant, by attorney Dimitrios Trivizas, of Dimitrios P. Trivizas, Ltd. in Skokie; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$132,421
IMPR.:	$314,706
TOTAL:	$447,127

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame/brick/stone exterior construction with 3,241 square feet of living area. The dwelling was constructed in 2017. Features of the home include a basement, central air conditioning, a fireplace, and a 588 square foot garage. The property has a 16,570 square foot site and is located in Oak Brook, York Township, DuPage County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on eight equity comparables located in the subject's assessment neighborhood and within .4 of a mile of the subject. The comparables consist of two-story dwellings of frame/brick/stone or brick/masonry/stone exterior construction ranging in size from 2,960 to 3,511 square feet of living area. The homes were built from 1978 to 1984. Each dwelling has a basement

foundation, central air conditioning, one or two fireplaces, and a two-car garage. The comparables have improvement assessments ranging from $166,503 to $218,875 or from $48.07 to $70.74 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of $180,232 or $55.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $447,127. The subject property has an improvement assessment of $314,706 or $97.10 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within 3.41 miles of the subject. The comparables consist of two-story dwellings of frame, frame/brick/stone, or brick/masonry/stone exterior construction ranging in size from 3,332 to 4,104 square feet of living area. The homes were built from 2015 to 2023. Each dwelling has a basement foundation, central air conditioning, one or two fireplaces, and a garage ranging in size from 761 to 832 square feet of building area. Two comparables each have an inground swimming pool. The comparables have improvement assessments ranging from $387,018 to $496,967 or from $99.85 to $143.34 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 13 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the comparables submitted by the board of review, which differ from the subject in location, dwelling size, and/or feature an inground swimming pool unlike the subject. The Board finds the comparables presented by the appellant are similar to the subject in location, dwelling size, and features. These comparables have improvement assessments ranging from $166,503 to $218,875 or from $48.07 to $70.74 per square foot of living area. The subject's improvement assessment of $314,706 or $97.10 per square foot of living area is above the range established by the best comparables in this record. However, the Board finds the subject's higher assessment logical given the subject's significantly newer age in relation to the best comparables. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
