FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Matt Paprocki
DOCKET NO.: 25-04301.001-R-2
PARCEL NO.: 08-19-117-019

The parties of record before the Property Tax Appeal Board are Matt Paprocki, the appellant, by attorney Brianna L. Golan, of Golan Christie Taglia LLP in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$134,519
IMPR.:	$352,052
TOTAL:	$486,571

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,860 square feet of living area. The dwelling was constructed in 2019. Features of the home include a basement, central air conditioning, a fireplace, and a 709 square foot garage. The property has a 8,968 square foot site and is located in Naperville, Lisle Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within the subject's assessment neighborhood and within .5 of a mile of the subject. The comparables consist of two-story dwellings of masonry exterior construction ranging in size from 3,824 to 4,366 square feet of living area. The homes were built in 2008 or 2015. Each dwelling has a basement foundation, central air conditioning, and a garage ranging from 722 to 751 square feet of building area. The parcels range in size from 9,022 to 10,024 square feet of land area. The

comparables sold from June to November 2023 for prices ranging from $1,160,000 to $1,300,000 or from $265.69 to $339.96 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of $383,929, for an estimated market value of $1,151,902 or $298.42 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $486,571. The subject's assessment reflects a market value of $1,459,859 or $378.20 per square foot of living area, land included, when using the 33.33% statutory level of assessment.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within the subject's assessment neighborhood and within .27 of a mile of the subject. The comparables consist of two-story or two-story with one-story dwellings of frame exterior construction ranging in size from 3,724 to 3,999 square feet of living area. The dwellings were built from 2013 to 2024. Each dwelling has a basement foundation, central air conditioning, a fireplace, and a garage ranging in size from 722 to 1,095 square feet of building area. The parcels range in size from 8,036 to 13,700 square feet of land area. The comparables sold from February 2023 to September 2024 for prices ranging from $1,698,363 to $1,800,000 or from $430.66 to $460.83 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are similar to the subject in age, location, dwelling size, and features. These comparables sold for prices ranging from $1,160,000 to $1,800,000 or from $265.69 to $460.83 per square foot of living area, including land. The subject's assessment reflects a market value of $1,459,859 or $378.20 per square foot of living area, including land, which falls within the range established by the comparable sales in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
