FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Alberto Gonzalez
DOCKET NO.: 25-22912.001-R-1
PARCEL NO.: 16-01-402-015-0000

The parties of record before the Property Tax Appeal Board are Alberto Gonzalez, the appellant, by attorney Michael R. Davies, of Ryan Law, PLLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$16,800
IMPR.:	$81,643
TOTAL:	$98,443

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of masonry exterior construction with 6,324 square feet of building area. The building is approximately 135 years old and features a partial basement. The property has an approximately 3,000 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code and from 0.33 of a mile to 1.18 miles from the subject property. The comparables are improved with 3-story class 2-11 buildings of masonry exterior construction ranging in size from 6,408 to 6,570 square feet of building area. The buildings range from 95 to 127 years old. Four comparables have a full

basement, one comparable has a concrete slab foundation and two comparables each have a 2-car garage. The comparables have improvement assessments ranging from $67,978 to $78,200 or from $10.35 to $11.97 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $70,260 or $11.11 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $98,443. The subject property has an improvement assessment of $81,643 or $12.91 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and within the subject's subarea. The comparables are improved with 2-story or 3-story class 2-11 buildings of masonry exterior construction ranging in size from 5,248 to 6,771 square feet of building area. The buildings are from 101 to 130 years old. Each comparable has a full basement. The comparables have improvement assessments ranging from $57,720 to $90,054 or from $11.00 to $14.16 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives reduced weight to appellant comparables #2, #3 and #4 and board of review comparables #2, #3 and #4 which are less similar to the subject in location, design and/or foundation type than other properties in the record.

The Board finds the best evidence of assessment equity to be appellant comparables #1 and #5 as well as board of review comparable #1 which overall are more similar to the subject in location, age, design, building size and features. These comparables have improvement assessments ranging from $67,978 to $90,054 or from $10.35 to $13.30 per square foot of building area. The subject's improvement assessment of $81,643 or $12.91 per square foot of building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
